

Bob Hadley has been a Governor at The Cotswold School for nearly 22 years starting with the first head. Originally a parent governor as his four children passed through school, he is now co-opted. As Vice Chair he supports the Chair in her role, and as well as being Chair of the Finance committee he sits on various other committees, notably Sports and Recreational Facilities to which he has belonged since the start. Indeed Bob was involved with the building of all the leisure facilities from the swimming pool through to the sports hall. Bob works in retail as an Area Manager.
