

Matt MacMorland works in the Science department with responsibilities for Key Stage 3 and 4 curriculums. He completed a Master's degree at the University of Cambridge two years ago in Science Education. He works with the School Council as the link teacher, helping them organise meetings and communicate with staff. He is active in school trips, running the Science A Level trip to Geneva this year for the second time, and is leading this year's expedition to Borneo in the summer. He is also involved with the school house system as head of Poseidon house.
