THE COTSWOLD SCHOOL ACADEMY – SUMMER SCHOOL 2020-21

The Cotswold School ran a full programme educational and enrichment activities for five weeks across the summer holidays. The aim of the summer school was to deliver face-to-face activities for those pupils identified by the school as being most in need of educational recovery and/or wellbeing support.

The school ran a range of activities across all year groups, including:

- 3 days of a enrichment activities for in-coming year 7s, having worked closely with our feeder primary schools to identify those pupils most in need
- 1 week of catch up classes for all year groups focusing on Mathematics
- 1 week of catch up classes for all year groups focusing on Science and English
- 2 days of catch up classes for select pupils in History
- 3 days of team building and enrichment activities for our Year 8 vulnerable students using an external provider
- 3 days of enrichment activities focusing on D of E preparation specifically for our pupil premium students
- 1 week of mixed activities focusing our Year 9 and 10 vulnerable students including catch up and enrichment
- 2 weeks of physical and summer camp activities for all students provided by an external provider

As the school sits in a rural area with a large catchment, the school provided 2 daily buses to ensure the pupils were able to access summer school.
Food was provided each day for pupils. Within the range of activities provided, the school also took certain pupils on trips to Oxford, Weston Super Mare and a climbing wall centre. Various resources were purchased to support the catch up classes including text books, science experiment resources and prizes. Staff were paid on an approved day rate.

The total number of “pupil days” delivered by the school was 1,187, representing the total number of pupils on each day, attending summer school, across the 5 weeks.
The total funding claimed by the school is **£72,777.**
